Attention: Ian C. MacKenzie,

Dear Ian,

I want to express our complete satisfaction with the First Aid Training that was provided to our team. I received excellent comments from the participants about the quality and thoroughness of the training. The trainers added real life situations and examples to the curriculum which is an essential tool for information retention.

Cecil Compton is an amenable, well informed and experienced trainer who ensured the information was relevant to our industry and our particular situations. Justin Mallory is a well spoken professional who demonstrated an enthusiastic energy and engaged the participants throughout the training. Our team indicated that the First Aid training was the best they have received yet.

I would also like to express my appreciation for your prompt follow up and excellent customer service. I am extremely pleased with the development of a Water Hazard training program specifically customized for us. I look forward to our continuing business relationship and I would not hesitate to recommend your services to others.

Yours truly,

Wanda Stephen
Director, Corporate Services
